Trash Can Maintenance

Initiatives

As of right now we are working on a plan of action for trash can maintenance. Every morning we encounter several overturned trashcans and trash ends up scattered throughout the streets. Several city cans are picked through and liquids leak from the cans. Ideally we would like to prioritize this issue and correspond with waste management. If we could get to the cans before they pick them up; we can assure that the trash around can is cleaned up and the can is emptied. It would be a big help if you send us a text when you see an overturned can. Our number is 415-471-7536. Even if it's at night we will be aware of it first thing in the morning. This plan may be a hit or miss but we're up for the challenge.
