Cleaning Highlights

Field Observations

The streets are looking beautiful! We have been able to maintain a low level of trash on the streets. In the last couple of months we had been playing with a few different strategies on how to keep the streets as clean as possible. We changed our deployment and made sure we focused on hot spots. Although we have gotten a handle on the trash; It seems like we can never catch up on the graffiti. I noticed every time we remove graffiti it pops back up in the same spot a day or two later. We are in hopes of being able to identify so these individuals can be on the radar of SFPD. Meanwhile, we will remove them in a timely manner. We aim to have them removed within 24 hours of our recognition. If you happen to notice a graffiti that's been up for more than two days please feel free to reach out.
